A World Without You

Reference number PT0391

I couldn't live in a world without you
I couldn't face a new day without you
missing the sound of your voice
and needing the touch of your hand
wand'ring in some lonely land without you
that's why I measure each day
that's why I treasure each moment.
For I couldn't live in a world without you!
I couldn't (wouldn't) live in a world without you
